

Information on Admission

Data Science & Intelligent Analytics (FH Kufstein Tirol) Study program code 0837

Introduction

According to § 4 para. 4 FHG, the educational requirement for admission to a university of applied sciences master degree program shall be the completion of a subject-relevant university of applied sciences bachelor degree program or the completion of an equivalent degree program at a recognized domestic or foreign post-secondary educational institution. In the case that equivalence has basically been established and only certain supplementary qualifications are required for full equivalence, the program director shall be entitled to tie the determination of equivalence to examinations to be taken during the master degree program.

Definition of „relevant“

Subjects relevant to this master degree program are bachelor degree programs or equivalent post-secondary education degrees in the area of information technologies (based on ISCED 2013, Fields of Education and Training Nr. 061), that summarily address the core subject fields of computer usage, database design and management as well as software and application development with a total scope of at least 6 ECTS. Furthermore, topics from natural sciences, mathematics and statistics that encompass the core subject fields of mathematics and statistics should have been addressed summarily in these bachelor degree programs or equivalent post-secondary educational qualifications with a total scope of at least 8 ECTS. Documented professional qualifications can be taken into account for the assessment of subject-specific prior qualifications. ¹

¹In addition, any qualitative admission requirements defined in the curriculum must be observed

Common transfers

Students often transfer to a master degree program after having completed one of the following bachelor or university of applied sciences bachelor degree programs:

Bachelor degree programs/University of applied sciences bachelor degree programs	Higher education institution	Admission²
Web Business & Technology	University of applied sciences FH Kufstein Tirol	without conditions
Industrial Engineering & Management	University of applied sciences FH Kufstein Tirol	without conditions

Applicants who have completed a degree in a different field to those listed but has professional experience in a relevant field may also be considered.

The teaching and examination languages at the University of Applied Sciences Kufstein Tirol are German and English for all courses. Thus, for foreign students in the subject of German (non German-speaking foreign countries) to provide evidence. Responsibility for checking that applicants fulfil the admission requirements lies solely with the Director of Studies of the program Data Science & Intelligent Analytics.

Please note that only a limited number of study places is available for the master degree program. Therefore, the fulfilment of the educational requirement for admission does not constitute a claim to a study place. According to § 11 FHStG, an admission procedure shall be conducted at least in those cases where the number of applicants for a degree program exceeds the number of available places. The Director of Studies shall be responsible for designing the admission procedure.

Please contact **Prof. (FH) Dipl.-Informatiker Karsten Böhm (Director of Studies)** for any questions regarding admission.

Please note that this fact sheet will not be legally binding as regards admission.

With the amendment to the University Act 2020, the so-called "University of Applied Sciences Studies Act (FHStG)" has been renamed "University of Applied Sciences Act (FHG)". Accordingly, a necessary editorial adjustment was made in this document the name FHStG was replaced by FHG.

² Conditions required in order to achieve equivalence as defined by § 4 Abs 4 FHG.
